High Star,

We've been friends for a pretty long time, and I hope we stay friends forever because you're really a sweet person to be around. Maybe years from now we won't be meeting up at the park getting high, maybe it'll be somewhere like an apartment or something, you think so? Oh well, keep gettin high, and have a high summer.

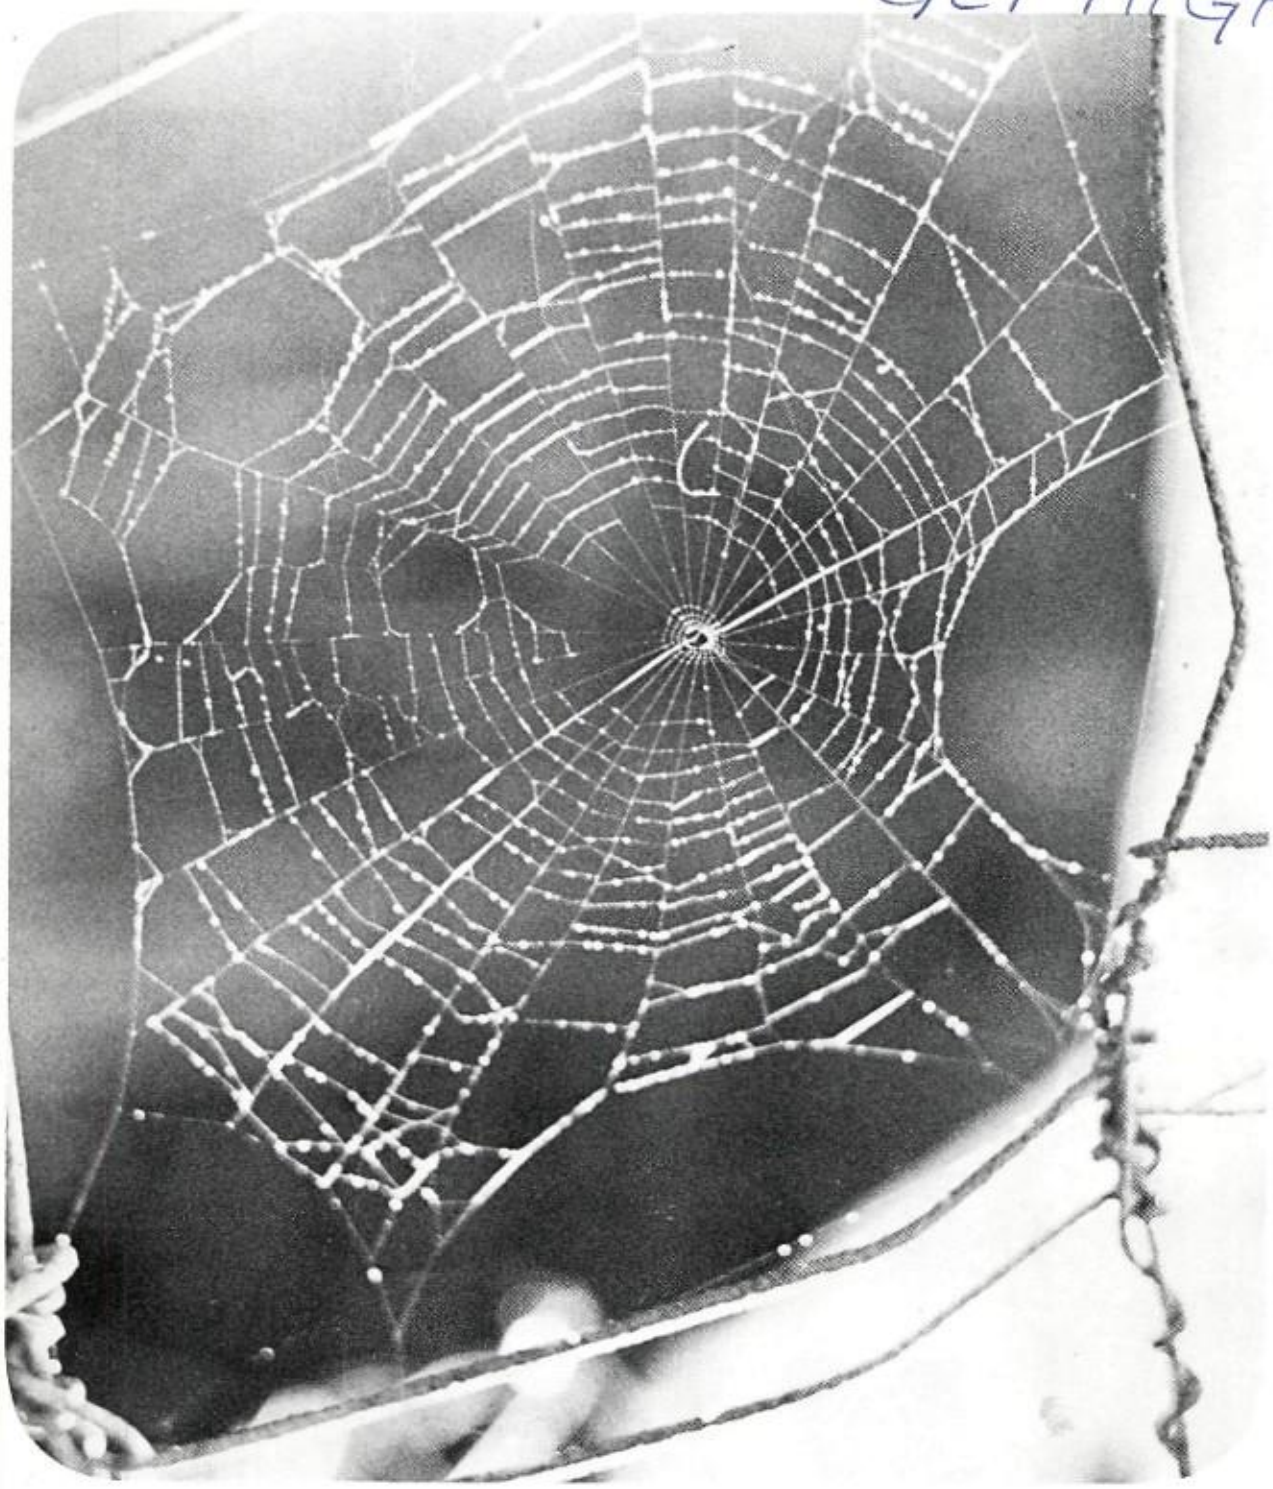
OUR GANG

We are one,
Bound together by the silk threads of unity
Maturing, learning, and creating
Becoming involved with ourselves and the world.
We do not stumble blindly in our youth,
and enter adulthood dumbfounded,
But strive to overcome the chronic obstacles
That hinder our path.
Our eyes touch upon horizons yet not seen,
And our minds expand to fulfill the vacant holes
Of tasks yet not tackled.
Existing, pursueing, and fulfilling
So many things we have not conceived,
So many issues left unheeded.
Tie our silk thread into a knot.
Let our souls be united and our dreams wander far,
So that we may surmount ignorance,
And experience all that is.
Together we will build a home of visions for our gang.

- Robin Eastman -

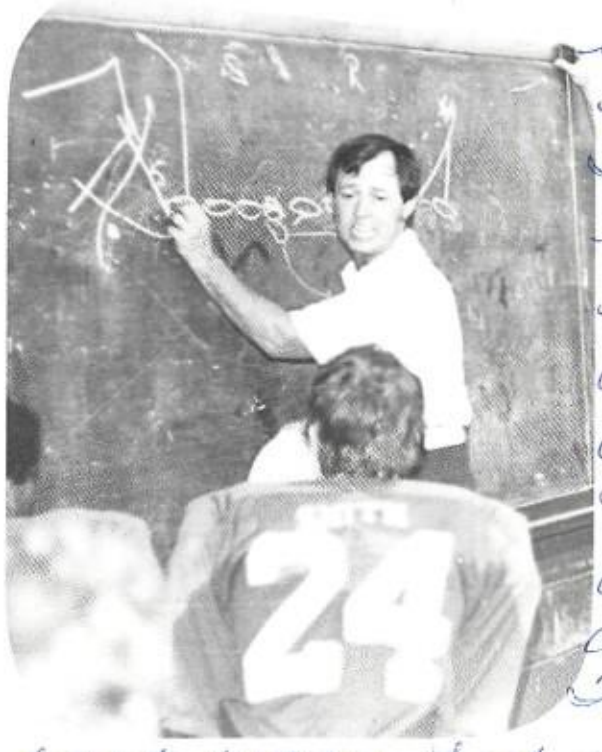
Star,
I really dont know what to say because I see ya all the time. Weve all had some good times this tri. and I hope we can have fun for a long time. I really just met ya but youd a really nice, sincere person and I hope we can become better friends.

LOVE,
GET HIGH LORI'



Our Gang at Newman Smith continue to display their hard work and dedication towards making our school the leading high school in the southwest. Whether it be on the athletic field or in the classroom, students continually strive for perfection.

Starr,
We've been friends for a long time now but this we didn't have any classes together and we didn't keep in touch except when I needed a ride to school. That made me really feel bad because I never call you until I need a ride or something. Oh well! I really don't know what to say because it is all in last year's annual. I could say all of that again but it wouldn't do any good because it is in last years annual. You're really a sweet girl with the greatest personality. I hope next year we can become better friends. I sure hope you keep in touch this summer. If I ever need anything I will call you. Also if you need anything and you don't know if your closer friends can help will give me a call and I will do all I can for you. This isn't as long as last years but it says almost the same thing but it is shorter. (Continued on Page 6)



Keep in touch this summer and be yourself. Also don't work too hard at "Sizzler".

Love
Karen

Stan,
Lookellaw freak,
Take it easy over the
summer and don't party to
much without me. I am glad

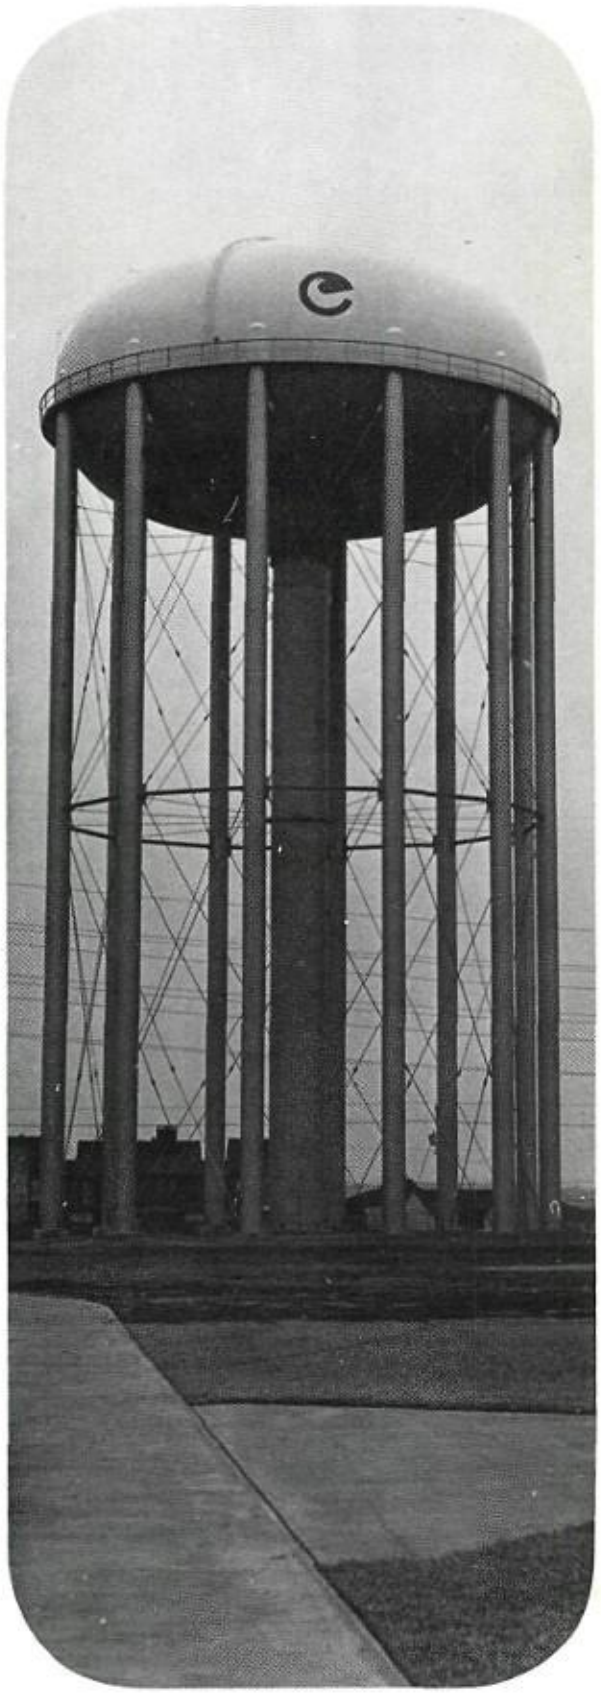
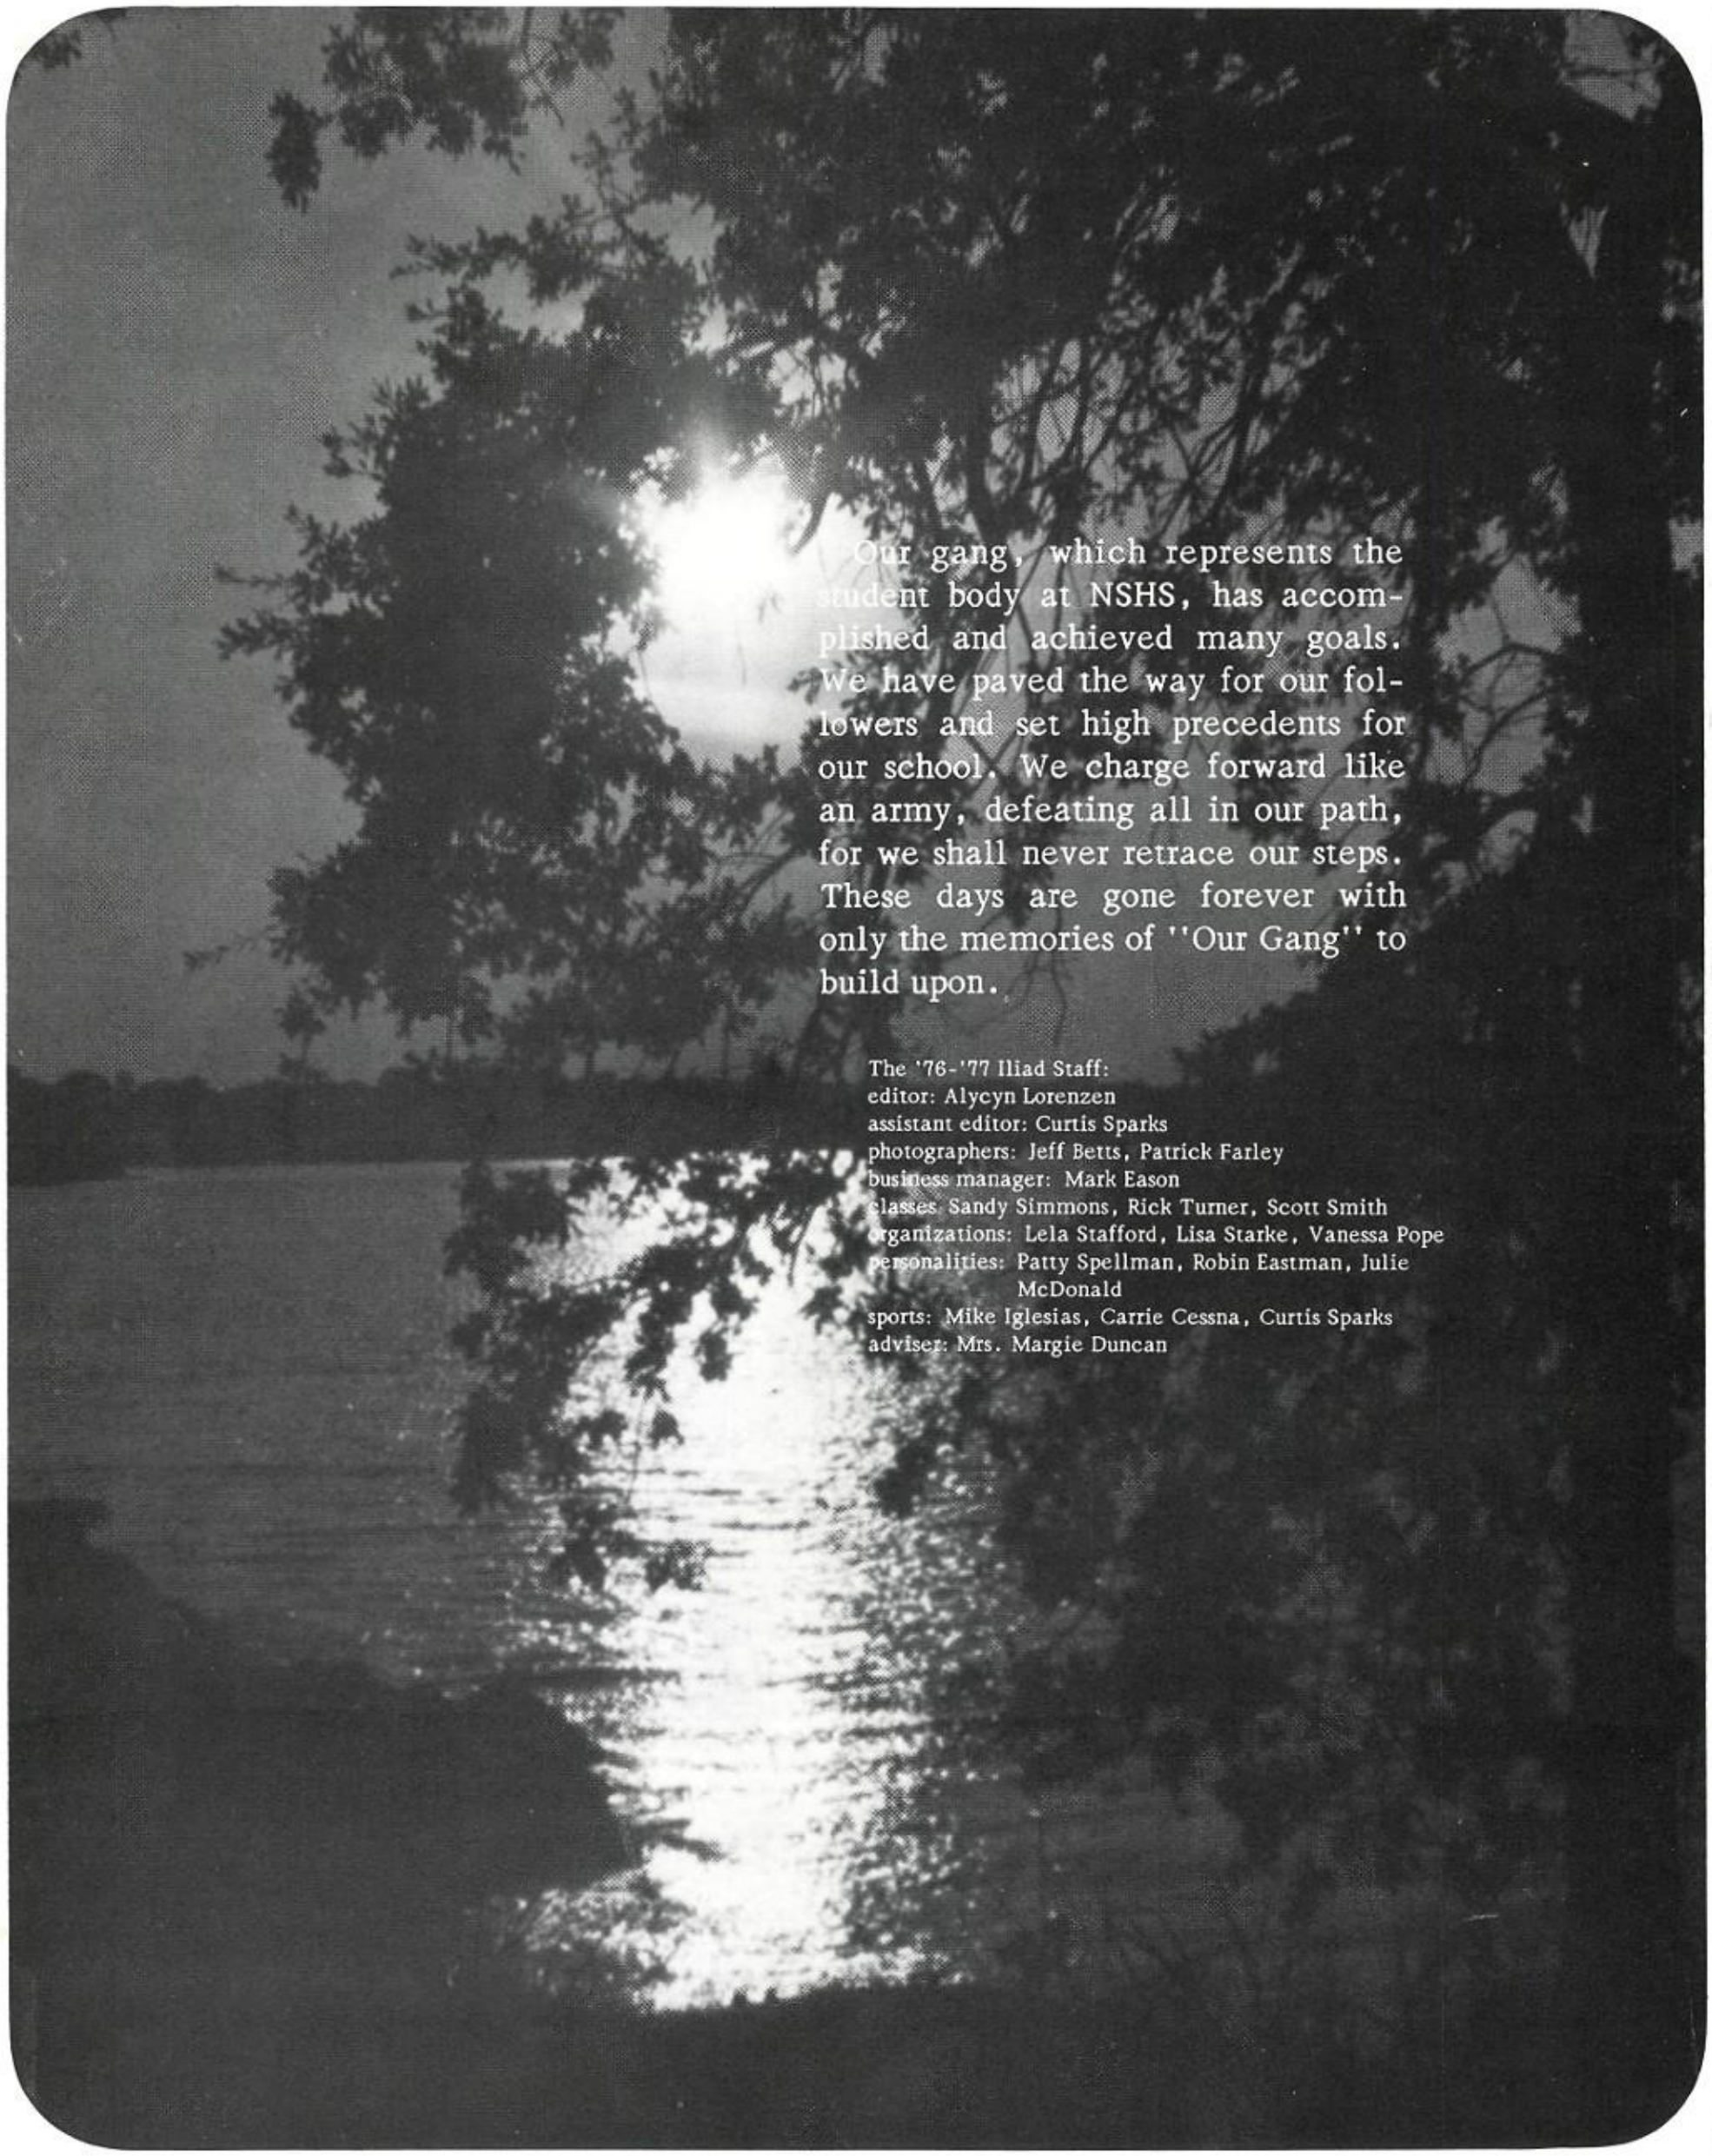
LUCKY 7!



Together we cast shadows, finding contentment and sharing moments of laughter. We have no heroes, no stars. We are just individuals developing ourselves. Recognizing our limitations, we lean upon one another to help improve our present condition. Each person whose life we touch helps to shape our attitudes, our beliefs and our ideals. As we grow and mature, we become a part of each other and our surrounding environment.



Our gang, which represents the student body at NSHS, has accomplished and achieved many goals. We have paved the way for our followers and set high precedents for our school. We charge forward like an army, defeating all in our path, for we shall never retrace our steps. These days are gone forever with only the memories of "Our Gang" to build upon.
